Summary

Frontend Engineer with 5+ years of experience building complex web applications with React, Vue.js and TypeScript. Specializes in interactive 3D configurators, real-time interfaces and Chrome Extensions. Has led frontend teams and owned architecture, task estimation and delivery, with hands-on backend experience in Node.js and API integration.

Technical Skills

Frontend: JavaScript (ES6+), TypeScript, React, Next.js, Vue 3, HTML5, CSS3, Sass

State and UI: Redux, Zustand, MobX, Pinia, Tailwind CSS, Material UI, Vuetify

Graphics and real-time: Three.js, React Three Fiber, WebGL, Pixi.js, WebSockets, Socket.io, WebRTC

Additional experience: Chrome Extensions, React Native, Sencha Ext JS, Node.js, REST APIs, PostgreSQL, MongoDB, background jobs and workers

Development tools: Git, Vite, Webpack, Docker; AI-assisted development with Cursor, ChatGPT and Codex

Professional Experience

AttractGroup

Full Stack Developer | Frontend and 3D focus | May 2025 - Present

- Designed the architecture for assembling 3D product meshes into configurable products, supporting interactive 2D and 3D scenes and CAD-like tools.
- Reworked the configurator core to improve rendering performance and interaction responsiveness.
- Developed features across React, Vue.js and Next.js applications; integrated backend APIs and introduced WebSocket-based collaboration so multiple users could work in the same project.

WhoCPA

Frontend Developer | Sep 2024 - May 2025

- Extended a large Sencha Ext JS CRM used by managers, delivery staff and call-center operators.
- Integrated WebRTC and real-time monitoring features, including a view supporting up to 30 simultaneous camera feeds.
- Built Chrome Extensions and Node.js services to automate order workflows across third-party applications without public APIs; used coding agents with project rules and specifications.

Python Automation Masters

Frontend Team Lead | Part-time | Sep 2024 - Sep 2025

- Estimated and prioritized client work, guided frontend implementation and defined API requirements with the backend team alongside a full-time role.
- Delivered Chrome Extensions for data extraction and interfaces for a solar-energy project that monitored battery charge through an API and used surplus power for cryptocurrency mining.

Professional Experience Continued

AINSYS

Tech Lead / Full Stack Developer | Frontend focus | Dec 2023 - Sep 2024

- Built Chrome Extensions for LinkedIn and other social platforms to collect and process lead data.
- Delivered frontend workflows connected to AI-powered backend services for lead deduplication, email generation and recruitment candidate selection; contributed to a Python backend.
- Promoted to technical lead, translating requirements into user stories and implementation tasks, reviewing code and guiding architecture. Used multiple AI coding agents in parallel to support delivery.

Creative Fun Planet

Frontend Developer, promoted to Frontend Tech Lead | Jan 2023 - Dec 2023

- Built an educational web platform with language-learning quizzes and interactive games using Three.js and Pixi.js.
- Integrated Unity games into the web application and contributed to its React Native mobile app.
- Led frontend delivery, defined frontend and backend tasks, integrated APIs and contributed to the Next.js backend when additional implementation support was needed.

New Wiring Technologies

Frontend Developer | Jan 2022 - Dec 2022

- Built an operator interface for a robotic arm assembling automotive electrical fuses, supporting manual control and visualization of autonomous operation.
- Used WebSockets to synchronize on-screen motion with robot activity; implemented Three.js and Pixi.js visualizations of fuse placement and collisions to help operators understand the robot state.
- Delivered the interface into production, where it remains in use with occasional updates.

Freelance

Frontend Developer | Jan 2021 - Dec 2021

- Delivered websites, landing pages and internal CRM interfaces with React, Vue.js and Next.js; contributed to React Native applications.

Education

Physical and Rehabilitation Medicine | 2013 - 2023

Languages

Ukrainian - Native | English - B2
